Duni Group extends the management team for increased focus on customer relations and logistics

Duni Group extends its management team with three new roles to further strengthen the focus on the customers and the market. Nicklas Bengtsson and Manfred Hargarten, EVP Commercial and Johan Crusefalk, EVP Logistics, will all take place in the extended management team as of January 1, 2022.

Manfred Hargarten, currently Commercial Director Region Central and Nicklas Bengtsson, currently Commercial Director Region NorthEast, represent the two largest commercial regions within the Group and will both be appointed EVP Commercial. Their representation in the management team will bring the organization's decision-making process closer to both the customers and the market.

Johan Crusefalk, EVP Logistics, will also take a seat in the management team. Logistics is a strategically important area for Duni Group with many challenges and opportunities connected to the company's sustainability initiatives, among them reaching net zero emissions.
