Changes in the management team at Duni

Ulfert Rott has decided to leave his position as Production & Supply Chain Director in Duni. Fredrik Malmgren is appointed new Production & Supply Chain Director.

Ulfert Rott has decided to resign from the position as Production & Supply Chain Director and leave Duni after eleven successful years. Fredrik Malmgren has therefore been appointed Production & Supply Chain Director and will join Duni's management team.

Fredrik holds an MSc in Automation Engineering at Chalmers Institute of Technology. He is a founding partner at Montell & Partners AB, where he primarily focuses on leading production and supply chain projects for multinational companies. He has also held various interim management positions within supply chain, and has led several significant projects at Duni as a consultant.

Duni's CEO Thomas Gustafsson comments:

"I am confident that Fredrik will be able to lead the production & supply chain organization in an efficient way. He has been involved in several successful projects at Duni during the last year, and has great knowledge about our company and our strive to meet and exceed our customers' expectations."

Fredrik Malmgren will take on the position from 1st March after a hand-over period.
